COILING PACK LINE SKALTEK CP 240

Maquinaria, equipamiento y accesorios para la fabricación del cable y alambre.

SKALTEK COIL CP 240:

The coil packing line PAC 240 is developed for carton packing of high output capacity of single conductor volume cables such as 1,5 – 2,5 – 4 mm² in 100 m lengths.

The coil width can be varied between 40-100 mm.

A guideline for the capacity is 5x100 meter coils of single conductors 1.5 or 2.5 mm² per minute.

Carton size	237x237mm (can be rebuilt for carton sizes 200x200mm and 265x265mm)
Intended to suit Europallet	800x1200mm
Carton width	50 – 120mm
Coil diameter	225mm O.D.
Core diameter	125mm I.D. (can be exchanged manually to 100mm)
Coil width	40 -110mm
